

# “QUALITY ROOFING FOR THRIVING NEIGHBOURHOODS”

Quality roofing for thriving neighbourhoods

*Forster recently launched a new awareness campaign to promote its principal contract services to Scotland’s social housing sector. The campaign will run in conjunction with their sponsorship and exhibition stand at the Chartered Institute of Housing (CIH) Annual Conference and Exhibition to be held at the AECC in Aberdeen from 10-13th March.*

*“With recent contracts for Weslo Housing Management and Clackmannanshire Council having gone so well, we are really keen to develop our business in this sector during 2008 and beyond” explained Forster’s Managing Director Roger Welsh.*

*If you are planning to visit the CIH Exhibition in Aberdeen in March, look out for our stand (B4) and feel free to pop by for a chat.*
