

# RAISING AWARENESS THROUGH STICKING PLASTERS!

*Forster are exhibiting at a series of CIH and SFHA Conferences across Scotland in a drive to promote awareness of their social housing re-roofing services. The promotional display plinths with upturned yellow hard hats can be seen at all the exhibitions. Inside the Forster branded envelopes are four very useful plasters for the next time someone needs a little first aid! The plasters have provided quite a talking point amongst delegates, with over 4,000 envelopes having been picked up in the two exhibitions to date.*

*Look out for our stand and indeed our plaster envelopes at the upcoming CIH Repairs and Maintenance conference at Dundee's Apex Hotel at the end of August and at the SFHA Property Maintenance Conference on 7th & 8th October at Crieff Hydro.*

Pictured, Forster's Steve Scott (Commercial Director) and Peter Barrow (Marketing Executive) speaking with clients at the CIH Annual Conference earlier in the year.
